Portfolio Samples

Long River Review Website

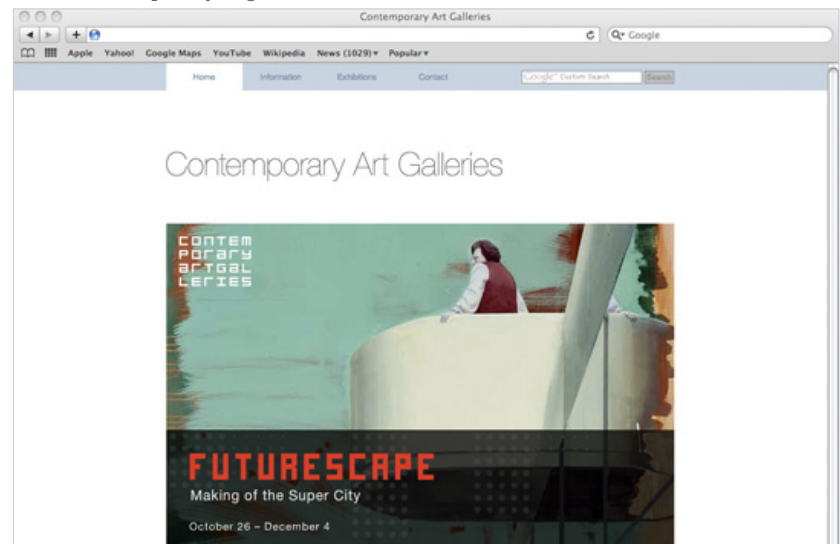

www.longriverreview.com

A collaboration done through UConn Design Center for the UConn English Department's annual literary magazine, "The Long River Review", I designed the layout of the content and coded the site's custom WordPress template.

Contemporary Art Galleries Website

www.contemporaryartgalleries.uconn.edu

Another project done through UConn Design Center, I contributed to the design and layout of the site

Portfolio Samples

Cell Stress Society International Website

www.cellstress.uconn.edu

This was a website done for the non-profit organization, Cell Stress Society International. It was another website utilizing WordPress.

UConn Creative Writing Program Website

www.creativewriting.uconn.edu

This web site was created for the University of Connecticut English department's Creative Writing Program. The design of the web site emphasizes clean typography and white space.

UConn BFA 2009 Poster/Pamphlets

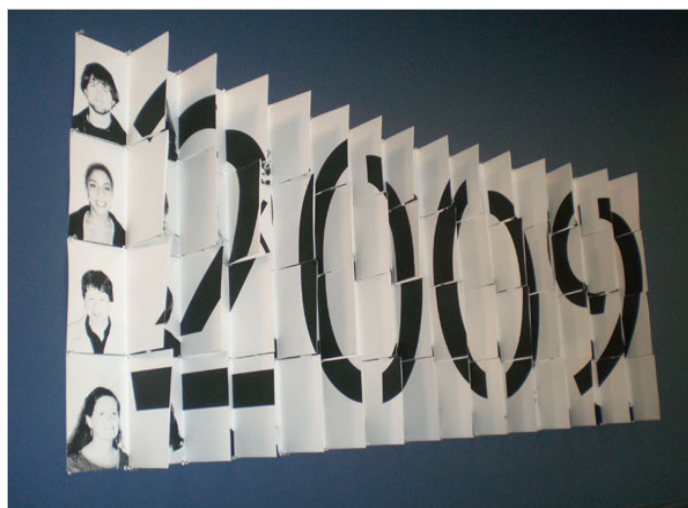

Printed with Laserjet on Superfine Mohawk paper

This was another Design Center collaboration. These pamphlets worked in groups of three or by themselves as they each had all the information for the show. When properly folded in groups of three, the pamphlets spelled out B.F.A. on one side and the date of the show on the other (04.17.09) and "Exhibition" on the inside. The inside of the pamphlet also contained information for the show including a list of the show's exhibitors.

UConn BFA 2009 Title Wall Installation

Printed with Laserjet on Superfine Mohawk paper

Companion piece to the aforementioned poster/pamphlets, one angle read "BFA", the other, "2009", and the inside featured photos of the exhibitors themselves
